ZAYYA

A large, vibrant explosion of pink confetti erupts from the top of the 'ZAYYA' letters, spreading upwards and outwards across the upper right portion of the image. The confetti consists of numerous small, heart-shaped and star-shaped particles in various shades of pink.

At Zayya, fragrance is more than a finishing touch—it's a way to express who you are and savour life's most beautiful moments. Born in South Africa and created by dreamers, Zayya is a community for fragrance lovers who believe that everyone deserves a little luxury, every single day.

Inside these pages, you'll find scents crafted with care and passion, each one designed to inspire confidence, create memories, and let your personality shine. Whether you're drawn to bold, uplifting notes or something soft and comforting, there's a Zayya fragrance waiting to become your signature.

We believe in the magic of scent—the power to lift your mood, spark connection, and remind you that you belong. Here, you're more than a customer. You're part of the Zayya family.

Thank you for choosing to explore our world of unforgettable perfumes. Enjoy discovering your favourites, and know that every bottle was made with heart—just for you.

SPRITZ YOUR STORY, LIVE OUT LOUD.

In every drop, a dream is born, a memory, a moment, a sun-kissed dawn.

Soft as a whisper, bold as a flame, each scent a promise, each bottle a name.

We bottle the feeling you can't quite explain, of laughter and longing, of dance in the rain.

Not just a fragrance, but hope on your skin
— A story that lingers, a love that begins.

From sunlit coasts to city lights, we blend the magic of days and nights.

Zayya is more than what you wear—it's confidence, courage, the thrill of the dare.

So spritz your story, live out loud—walk your journey, stand proud.

Because beauty is fleeting, but scent endures—and with Zayya, your spirit is yours.

Best purchase! Smells very similar to the inspiration fragrance and long lasting (even after sweaty Pilates classes). Will definitely purchase again!

The story of OH!

Once upon a time in the Zayya lab, our fearless perfumer tried to multitask. Picture: two top-secret blends, one distracted brain, and a comedy of errors that could've gone full "Oh, S**t!" Instead, what happened next was pure perfume magic. Spoiler: nobody got fired (but someone did almost faint from delight).

The accidental lovechild? OH! — a gourmand showstopper that's basically dessert in a bottle (without the sugar crash). One whiff, and you'll understand why everyone here is still high-fiving.

First, Coconut, Plum, and Apricot waltz in, dressed for a midnight snack. Suddenly, Apple Tree Blossom, Camelia, Mandarin Orange, and Black Currant show up uninvited, making the whole place smell like a 5-star brunch.

And just when you think it couldn't get any wilder, Brazilian Rosewood, Lemon, and Honeysuckle jump in, arm-in-arm with Jasmine, Caraway, Rose, and Grapefruit. Lily-of-the-Valley, Mint, and Violet crash the party to keep things fresh, because...well, why not?

The finale? Vanilla brings the hugs. Magnolia and Almond serve decadent vibes, Cedar and Sandalwood ground things (someone has to), and then Musk and Leather sneak in at the end with a wink. The result? A trail so unforgettable, you might just cause double-takes in the Woolies aisle.

OH! isn't just a fragrance. It's proof that the universe loves a happy accident. One spray, and you'll believe in beautiful mistakes.

Go on. Spritz the Oops. Revel in the "OH wow."
